**RPD# 2019008** 

SUBJECT: 150 East Victoria Development Agreement Application

**RECOMMENDATION:** That Council approve first reading of the development agreement regarding 150 East Victoria Street and schedule a Public Hearing in the near future.

# **RECOMMENDATION:** Report/Document: Draft Agreement, Staff report to PAC

**KEY ISSUE(S) CONCEPTS DEFINED:** The property owner requests a development agreement to change the use of 5 motel units to 5 dwelling units. The remaining 10 motel units and 2-bdrm owner apartment would remain unchanged.

Within the Downtown Zone, MPS Policy CP-15 regulates the conversion of ground floor commercial space to residential uses. The proposal generally conforms to this policy and all other relevant policies of the MPS.

Outdoor balconies are provided and high quality parks are nearby for the use of the residents. The buildings are obviously in existence in their current location, and due to the proximity to property lines landscaped buffers cannot be provided, nor are they required by the current polices of the MPS or regulations of the LUB.

The existing use of the building as a motel with both short and long term rentals can continue indefinitely without the benefit of a development agreement. It can be argued that reducing the number of units from 21 to 11 will reduce traffic on the property. Furthermore, the renovations, including doubling the size of the units and the addition of kitchens, may result in a safer situation than the potential alternative of people trying to cook with inadequate resources.

**PUBLIC PARTICIPATION OPPORTUNITY SUMMARY:** An advertised Public Participation Opportunity was held on December 3, 2018 and attended by two residents and the proponents. The major issues raised were related to the lack of landscaped open space, building code compliance and current esthetics of the property.

The Planning Advisory Committee met again on December 14 and passed a motion recommending that Council enter into the proposed Development Agreement for 150 East Victoria Street but amended to include maintenance to all cladding, create a green space between the lower building and Herbert Street where possible, create a minimum of 600 square feet of amenity space, that any vents on north side of the lower building meet the national building code, and that there is repair of pavement within 12 months of an occupancy permit. These amendments are incorporated into the attached development agreement and shown in red text.
