

Synopsis

Keeping of Chickens within Town Limits

Currently the Land Use Bylaw includes chickens under the definition of an Agricultural Animal (LUB section 1.0 (7)). Section 4.3 of the Bylaw prohibits the keeping of Agricultural Animals in town, except for three specified land parcels that contain existing pasture along Robert Angus Drive (McInnis' farm).

The Planning Advisory Committee held a Public Participation Opportunity in October, with approximately 18 residents in attendance, and has received five written submissions.

After considering all of the information presented the Planning Advisory Committee approved the following motion: *"That the Planning Advisory Committee recommend that Council not amend the Land Use Bylaw to allow chickens"*

MOTION:

That Council accept the recommendation of the Planning Advisory Committee and not amend the Land Use Bylaw to allow chickens within Town limits.
